“Vessel” includes any ship or boat or barge or air-cushioned vehicle or floating rig or platform used in any form of operations at sea or in port, or any other description of a Vessel;

“Wharfage” means berthing and tying the vessel or the barge alongside the quay;

3. ARTICLE 3

(1) ACT shall perform all Container Terminal Services at its own discretion and to the best of its ability, using Equipment, materials and facilities of good quality, and suitable for their intended use.

(2) ACT shall not be liable for any damages, whatsoever, resulting from delays occurring during the performance of its services due to unforeseen circumstances.

(3) The User shall provide ACT with all information required for the efficient and effective performance and billing of the Services within such period as
determined by ACT. If information is not received in time or is incomplete, ACT may postpone the performance of the requested Container Service.

(4) ACT reserves the right of access to all cargo documents for the purpose of assessment of Container Service Charges in this notification. Information contained in these documents shall not be disclosed to any third party, taking into consideration the Applicable Law.

(5) The performance of the Container Terminal Services may be suspended or ceased by the ACT due to Force Majeure or in case of non payment of Container Service Charges due. In the latter case, the ACT may initiate legal proceedings according to Applicable Law to arrest the concerned Vessel within the confines of the Container Terminal.

(6) ACT may perform the following Container Terminal Services:

(a) Providing berths to vessels;
(b) Performing ship-to-shore and vice versa operations, including lifting of hatch covers;
(c) (un-)lashling of containers;
(d) Stacking and un-stacking of containers within the Container Terminal;
(e) Transferring containers within the Container Terminal;
(f) Executing delivery and receipt of LCL and FCL containers within the Container Terminal;
(g) Carrying out temperature checks on reefer containers within the Container Terminal;
(h) Checking the technical conditions of containers;
(i) Providing storage of containers within the Container Terminal;
(j) Performing inventory control of containers other goods at the Container Terminal;
(k) Preparing Equipment interchange reports;
(l) Executing documentary controls (whether manual or computerized);
(m) The supply of potable water to vessels alongside the Container Terminal;
(n) Performing weighing of containers and trucks within the Container Terminal;
(o) Executing value added services with respect to containers and container handling within the Container Terminal.

4. ARTICLE 4

The Container Terminal operates 24 hours a day throughout 365 days per year. The Container Terminal’s administration offices are open five days per week, every working day from Sunday to Thursday from 8:00 a.m. till 16:00 p.m., except during official and national holidays.
5. **ARTICLE 5**

The use of the Container Terminal shall constitute consent to the Container Service Charges and its Terms of Business on the part of all Vessels and their Owners and Agents as well as the cargo owners and their Agents.

6. **ARTICLE 6**

(1) All Container Service Charges and applicable conditions in respect of the Container Terminal Services are set forth in Schedules A and B.

(2) ACT may conclude a written agreement with any User without discrimination to apply discounted Container Service Charges based on volume for the handling and storage of Containers.

(3) Container Service Charges do not include any expenses for insurance cover of cargo, containers, vessels, or Equipment not belonging to ACT.

(4) All Container Service Charges included in this notification are in Jordanian Dinars (JD), and all invoices are payable in Jordanian Dinars.

7. **ARTICLE 7**

(1) ACT reserves the right to alter any Container Service Charges or conditions of this notification from time to time with prior notice and upon the approval of the Authority. For vessel related charges, the date the Vessel departed from the Container Terminal will determine the charges to be applied. For non-vessel related charges, the date the invoice is issued by ACT will determine the Container Service Charges to be applied.

(2) ACT shall have the right to refuse the rendering of Services with respect to any Vessel which is not being represented by an Agent.

8. **ARTICLE 8**

(1) Not later than 24 hours prior to the expected time of arrival of a Vessel, the Agent shall either in writing or electronically submit to ACT all data necessary to make an initial calculation of the Container Service Charges due.

(2) Based on the initial calculation, the Shipping Agent shall pay the Container Service Charges due to ACT prior to the departure of the Vessel, or hand over an irrevocable bank guarantee issued by a recognized Jordanian or international bank through a local correspondance bank, in a form acceptable to ACT for at least the amount equivalent of the Container Service Charges due, or provide any other security acceptable to ACT.

(3) Based on any supplementary information provided by the Shipping Agent to ACT, ACT shall calculate the final Container Service Charges due and invoice the Agent, which Container Service Charges shall be paid in full within a period
of fifteen (15) calendar days from the date of the invoice, taking into account the payment made under Article 8.2 (if any).

(4) If the amount due is not paid fifteen (15) calendar days after the date of the invoice, interest will accrue at a rate of 2% (two percent) per month for the first 15 days, 5% (five percent) per month for the following month, and 8% (eight percent) per month beyond that period.

(5) ACT also reserves the right to execute the bank guarantee, without prior notice to the Shipping Agent, for the amount of the Container Service Charges due including any accrued interest as per Article 8.4.

(6) In case rates for any services are not shown in this tariff, then customers must provide a "Special Service Request' to the port, who will price the work involved and get the customer’s approval before carrying out the service.
